- 2.2 No terms and/or conditions endorsed upon, delivered with or contained in the Supplier's quotation, acknowledgement or acceptance of orders, Scope of Work or similar document will form part of the Contract and the Supplier waives any right which it otherwise might have to rely on such terms and/or conditions.

Where Orders are issued by Intertek, Intertek is acting on its own behalf and the contract will be concluded directly between Intertek and the Supplier. Where Orders are issued by other members of the Intertek Group then such members are acting as our agent, and the contract will be concluded between Intertek (as the principle) and the Supplier.
- 2.5 The Supplier agrees and acknowledges that any Goods provided are for the benefit of Intertek and the benefit of every other member of the Intertek Group, who shall each

have identical rights to use and enjoy such Goods for their respective purposes as Intertek does under these Conditions (and references to 'Intertek' in these Conditions which create rights, protections or benefits for Intertek shall be read as references to 'Intertek and each member of the Intertek Group').  - 4.4.4 provide all equipment, tools and vehicles and such other items as are required for the provision of the Goods;

 - 4.4.9 use all reasonable endeavours to avoid any disruption to Intertek's business or that of any member of the Intertek Group beyond that which is strictly necessary to provide the Goods;
 - 4.4.10 not do or omit to do anything which may cause Intertek to lose any licence, authority, consent or permission on which it relies for the purposes of conducting its business, and the Supplier acknowledges that Intertek may rely on the Goods.
- 4.5 The Supplier will ensure that the Goods are delivered at the date, time and place (the "**Delivery Requirements**") specified on the relevant Order. If Goods are not delivered in accordance with the Delivery Requirements stated in the relevant Order:
- 4.5.1 Intertek is entitled to terminate the Order and the Supplier will be liable to pay for any additional documented expenses incurred by Intertek in making alternative arrangements with third parties to fulfil the requirement of a replacement order and /or purchase of replacement goods; or
 - 4.5.2 the Supplier will be liable to pay for any additional expenses incurred by either Party in handling and/or delivering the Goods to fulfil the Delivery Requirements (or where the originally specified date and time have passed, any new Delivery Requirements Intertek may specify).
- 4.6 Where the Delivery Requirements specify a given quantity of particular Goods is to be supplied, Intertek may, upon written notice to the Supplier at any time prior to shipment, vary that quantity by up to plus or minus ten per cent from the quantity originally stated in the Delivery Requirements, provided that the Charges relating to such Goods shall increase or decrease by the same proportion.
- 4.7 Intertek may choose (at its discretion) to elect to collect the Goods from the Supplier on giving reasonable notice. At such times Intertek shall collect the Goods on the date, time and place specified on the relevant order.
- 4.8 The Supplier will ensure that the goods are properly packed and secured to prevent any damage in transit and to enable them to reach their destination in a condition which is satisfactory to Intertek. In addition, the Goods should be protected from corrosion or other deterioration in condition during delivery or storage, prior to being delivered to Intertek. The Supplier will comply with all applicable standards, regulations and/or other legal requirements concerning the manufacture, packaging, packing and delivery of the Goods.
- 4.9 Intertek shall (if agreed in writing) return to the Supplier (at the Supplier's risk and expense) any packaging materials and cases supplied with the Goods.

- 4.10 Notwithstanding Condition 4.9, Intertek accepts no liability for packaging materials unless expressly agreed in advance.
- 4.11 Unless otherwise agreed in writing by Intertek, the Supplier shall unload the goods immediately on their arrival at Intertek's premises to a delivery point as specified or as directed by Intertek.
- 4.12 Unless otherwise agreed in writing, deliveries will only be made during Intertek's Normal Business Hours.
- 4.13 The Supplier shall indemnify Intertek against each loss, liability and cost arising as a result of Intertek or its sub-contractors assisting the Supplier in the unloading, loading or other removal of the Goods from the point of delivery.
- 4.14 The Supplier shall ensure that each delivery is accompanied by a delivery note which shows the order number, date of order, any Intertek delivery code, any relevant paperwork relating to dangerous goods (where applicable), any special storage instructions (if any), quantity and description of the Goods and the outstanding balance remaining to be delivered (in the case of part delivery in instalments (if this has been agreed in writing between the parties).
- 4.15 Delivery of the Goods shall only be completed when all of the Goods specified on the relevant Order have been unloaded at the location specified by Intertek and Intertek is satisfied with the quality of the Goods delivered.
- 4.16 Intertek reserves the right (without prejudice to any other rights Intertek may have) to:
- 4.16.1 keep any Goods which have not been delivered in accordance with the Delivery Requirements and at its discretion, charge a reasonable fee for any late delivery, storage or transportation; or
 - 4.16.2 return any Goods (at the Supplier's risk and expense) which have not been delivered in accordance with the Delivery Requirements and at its discretion, charge a reasonable fee for any storage or otherwise as may be reasonable in all the circumstances, and in any event, payment will only be made for them as if they had been delivered on the due date;
 - 4.16.3 reject any Goods not delivered in accordance with the Delivery Requirements; and/or
 - 4.16.4 cancel any Contract of which such Goods are the subject without financial penalty; and/or
 - 4.16.5 return any Goods (at the Supplier's risk and expense) already delivered which by virtue of such rejection or cancellation are no longer of use,
- and in the event of any the circumstances described in Conditions 4.16.1 - 4.16.5 occurring, Intertek shall be entitled to request a refund for any payment already incurred or paid on such Goods, such refund not to be unreasonably conditioned, delayed, challenged or withheld.
- 4.17 Where the Delivery Requirements do not specify a date for delivery, then delivery shall be made as soon as is reasonably practicable, and where the Delivery

Requirements do not specify a time for delivery, then deliveries will only be made during Intertek's Normal Business Hours.

- 4.18 If for any reason Intertek is unable to take delivery of the Goods on the specified delivery date, the Supplier will store or arrange for the storage of the Goods for a reasonable time (at Intertek's reasonable expense) and the Supplier will take all reasonable steps to prevent any deterioration of the Goods until actual delivery.
- 4.19 The Supplier warrants, represents and undertakes on an ongoing basis that:
- 4.19.1 the provision of the Goods to Intertek, and Intertek's use of the Goods for any reasonable purpose will not infringe any Intellectual Property Rights of any third party;

- 4.20 Intertek may propose changes to the Goods to be supplied to the Supplier in writing at any time, and the Supplier shall not unreasonably withhold, delay or condition its agreement to such changes. Where such change reduces the scope, volume complexity or risk of the Goods to be supplied, then the Charges shall be reduced accordingly. Where the change increases the scope, volume complexity or risk of the Goods to be supplied, then Intertek acknowledges that the Supplier may need to increase the Charges by an equitable amount. No change (and no increase or decrease in the Charges) shall be binding upon either Party until executed as a variation to this Contract in accordance with condition 25.
- 4.21 The Supplier acknowledges and agrees that it has been notified of Intertek's Code of Ethics, and agrees to comply with both at all times in connection with the provision of goods or services (including the Goods) to Intertek and all members of Intertek's Group. A copy of Intertek's Code of Ethics is available at www.intertek.com.

5. TESTING AND ACCEPTANCE

- 5.1 The Goods must conform to these Conditions, the Order, the Scope of Work and any other relevant document describing the Goods, as agreed in the Contract.
- 5.2 The Supplier must ensure that the Goods correspond with standards (British, International or industry) when indicated on the Scope of Work and it is the responsibility of the Supplier to obtain and ensure that the most up to date issue of that standard is being used.
- 5.3 Intertek (or any representative of Intertek) has the right to inspect and test the Goods at any reasonable time before the Goods are delivered and the Supplier will arrange for reasonable facilities at and access to the premises (or the premises of any sub-contractor, where applicable) where the Goods are located. Any inspection by Intertek does not relieve the Supplier of any liability nor does it imply that Intertek has accepted the Goods.

- 5.4 If, when the Goods are inspected or tested, Intertek (or any representative of Intertek), in its reasonable opinion, believes that the Goods do not conform to the Order, the Scope of Work, or any specifications supplied or advised by Intertek to the Supplier, Intertek will inform the Supplier accordingly and the Supplier must immediately take any necessary action to ensure conformity.
- 5.5 If requested to do so by Intertek, the Supplier will give Intertek adequate notice of any Goods testing to be carried out by the Supplier itself (which Intertek is entitled to attend) and will provide Intertek with any test certificates as Intertek or its customers may reasonably require.
- 5.6 In accordance with Condition 5.1, any inspection, testing or attendance by Intertek (or any representative of Intertek) does not relieve the Supplier of any obligations or liability under the contract and does not imply any acceptance of the Goods by Intertek.
- 5.7 Where the Supplier is supplying any raw materials it shall be responsible for ensuring that such materials meet all relevant specifications. The Supplier will be responsible for maintaining detailed records of the composition of such materials, including the results of all tests carried out to establish the composition from time to time.
- 5.8 Intertek shall have the right to carry out such tests as Intertek may reasonably determine upon delivery or installation of Goods, or any element of the Goods, to determine whether they meet the Order, the Scope of Work and Intertek's reasonable requirements. Where any such element fails any such test then, acting reasonably (and taking into account the severity of the failure), Intertek may (in addition to any other right or remedy available to it under this Contract or at law) either:
- 5.8.1 require the Supplier to promptly remedy the cause of the failure at the Supplier's sole cost and resubmit the element to Intertek for re-testing; or
 - 5.8.2 terminate the Contract by reason of such failure without further liability to the Supplier.

6. RISK AND TITLE

- 6.1 Risk for and title to the Goods pass to Intertek when the Goods are delivered (or, where the purchase of Goods includes installation, title shall pass upon delivery but risk shall pass upon completion of installation when the Goods are deemed fully installed and commissioned by Intertek), without prejudice to any rights which Intertek may have to reject the Goods under these Conditions or otherwise.
- 6.2 If the Supplier postpones delivery for any reason, title to the Goods will pass to Intertek on the date on which such Goods should have been delivered but risk will not pass until the date of actual delivery (or when the Goods are deemed fully installed and commissioned by Intertek where the purchase of Goods includes installation). For the avoidance of doubt, risk shall pass to Intertek upon DDP (Delivery Duty Paid) in accordance with Incoterms 2010 published by the International Chamber of Commerce ("**Incoterms**"). Delivery shall be to the Intertek Site notified to the Supplier by Intertek in writing.
- 6.3 The international rules for the interpretation of trade terms prepared by Incoterms shall apply except to the extent that they conflict with this Contract, in which case this Contract shall prevail.

7. CHARGES AND INVOICING

- 7.1 In consideration of the Supplier performing its obligations under each Contract, Intertek shall pay the Supplier the Charges in accordance with this Condition 7 and as detailed in each Order.
- 7.2 The Charges for each of the Goods shall be specified in the Order in accordance with the prices schedule agreed between the parties, and if no price is agreed in advance by the parties, the price which is set out in the Supplier's published price list at the time the Contract was made shall be applicable. Unless otherwise agreed in writing by Intertek, all prices quoted and invoiced are Delivered Duty Paid (Incoterms 2010) and are deemed to include the costs of packaging, insurance and carriage of the Goods. No extra charges shall be effective unless agreed in writing and signed by Intertek.
- 7.3 Except where otherwise agreed in writing, the Charges set out in an Order shall be all the Charges due in respect of the supply of Goods (subject to condition 7.2 above) and in accordance with this Contract. Unless otherwise agreed in writing by Intertek, the Charges shall include every cost and expense of the Supplier directly or indirectly incurred in connection with the supply of Goods (including, without limitation, packaging, insurance and carriage). If any unforeseen problems or expenditure arise in the course of supplying the Goods the Supplier shall not be entitled to make additional charges to cover additional time and cost necessarily incurred to complete the supply of Goods in accordance with the Contract.
- 7.4 Each invoice submitted to Intertek for payment shall be in respect of the supply of Goods during the previous calendar month, and shall quote this Contract and contain such other information as Intertek may reasonably require from time to time.
- 7.5 The Supplier will ensure that Intertek receives the Supplier's invoice for Goods within 90 days of the end of the month within which those Goods were delivered. Where an invoice for Goods is not received within such 90 day period, then the Supplier waives its right to invoice or otherwise charge for the relevant Goods.
- 7.6 All prices and the Charges shall be inclusive of all taxes, duties, levies or similar compulsory charges imposed by any authority payable on such amount, including but not limited to VAT, where applicable, and it is the Supplier's responsibility to pay any such sums.
- 7.7 No extra charges will be payable by Intertek unless this has been agreed in writing and signed by Intertek.
- 7.8 The Supplier's invoice must meet the following requirements (the "**Invoice Requirements**"):
- 7.8.1 be properly and correctly calculated; and
 - 7.8.2 state the price for the Goods and other elements of the Charges specified in the Order which are being invoiced; and
 - 7.8.3 include, as a separate item, any taxes, duties, levies or similar charges imposed by any authority payable on such amount, including but not limited to VAT, where applicable; and
 - 7.8.4 specify any discounts applied to the invoiced amount; and

- 7.8.5 specify any credits or other price reductions have been applied; and
 - 7.8.6 state the total amount payable to the Supplier under that invoice; and
 - 7.8.7 include such supporting information required by Intertek to verify the accuracy of the invoice; and
 - 7.8.8 clearly state the relevant Intertek purchase order number on its face if applicable.
- 7.9 If Intertek places an Order on a "price to be agreed" basis, the Supplier will obtain Intertek's confirmation of the price to be paid before delivery of the Goods.
- 7.10 Any variation to the Charges must be agreed in writing between the parties before delivery of the Goods.

8. PAYMENT

- 8.1 Intertek will pay only for the Goods specified in the Order.
- 8.2 Where:
- 8.2.1 the Goods have been delivered to Intertek in accordance with the Contract (including the Delivery Requirements and all quality requirements and specifications set out in these Conditions and the relevant Order, but not limited to this list); and
 - 8.2.2 the invoice presented by the Supplier meets the Invoice Requirements,
- then Intertek shall make the relevant payment due to the Supplier under the Contract, by cheque or bank transfer, or such other method of payment as has been agreed between the parties from time to time.
- 8.3 Intertek shall pay the Supplier within 60 days from the date the Supplier's invoice was received. Where Intertek agrees to, or pays, the Supplier more promptly, the Supplier shall grant a prompt payment discount to Intertek at a level to be agreed.
- 8.4 If Intertek fails to pay any amount due to the Supplier under an invoice properly rendered on the due date, interest shall be added to such amount at the rate of 2% over the base rate at the time being of the Bank of England for the period from the due date until actual payment of the overdue amount. This Condition shall not apply to payments that Intertek disputes in good faith. This rate shall apply in place of the rate specified under the Late Payment of Commercial Debts (Interest) Act 1999.
- 8.5 Intertek may withhold payment (but without incurring interest or losing any prompt payment discount, where applicable):
- 8.5.1 if the Supplier fails to send a separate invoice on the date of despatch for each delivery of Goods;
 - 8.5.2 if the Supplier fails to mark the Order number clearly on each package, packing notes, invoices and any other relevant correspondence;

- 8.5.3 if the parties disagree in respect of the price to be paid by Intertek for the Goods;
 - 8.5.4 pending resolution of the dispute, in the event that there is a dispute with the Supplier over any Order and such disagreement is genuine; or
 - 8.5.5 where an invoice does not meet the Invoice Requirements.
- 8.6 Intertek may offset any amount owing to it by the Supplier against any amount owed to the Supplier by Intertek without limiting its other rights or remedies.

9. DEFECTIVE GOODS DELIVERY

- 9.1 During the Warranty Period (as defined in Condition **Error! Reference source not found.**), where Intertek reasonably considers that any Goods which have been provided fall short of the agreed or specified standard for such Goods (or, where no standard has been agreed or specified, a standard in line with market best practice) then, in addition to any other remedies Intertek may have in law, it may, at its option:
- 9.1.1 require the Supplier to re-supply (or procure the re-supply) or repair of Goods which meet the agreed or specified standard for such Goods (or, where no standard has been agreed or specified, a standard in line with market best practice) in all respects; or
 - 9.1.2 reject the Goods and be reimbursed any monies paid in relation to such Goods.
- 9.2 If the circumstances described in condition 9.1 have arisen, and Intertek has elected the option described in condition 9.1.1, and the Supplier fails to supply (or repair) Goods which meet the agreed or specified standard for such Goods (or, where no standard has been agreed or specified, a standard in line with market best practice) within five (5) Working Days, Intertek may, at its option and without prejudice to any other remedies it may have:
- 9.2.1 request a refund from the Supplier of any money already paid for the defective supply of Goods, and the Supplier shall not unreasonably challenge or withhold any such refund; or
 - 9.2.2 purchase replacement goods from an alternative supplier at the Supplier's risk and expense.
- 9.3 The Supplier will indemnify Intertek, its agents, employees, subsidiaries, associated companies and assigns in respect of all loss, liability and cost directly or indirectly arising, and against any legal liability in respect of injury to persons (including our employees) or damage to property, howsoever caused, including any such loss and/or damage incurred as a result of defective Goods delivery in any way, whether the defect arises from any default (including negligence) on the part of the Supplier or his employees, contractors or agents or otherwise.
- 9.4 Where the supply of Goods involves the delivery to meet particular deadlines, then the Supplier and Intertek shall seek to agree appropriate compensation to compensate Intertek for any delays that might occur in meeting such deadlines.

10. PERSONNEL

- 10.1 The Supplier shall be responsible for all acts or omissions of the Personnel, its subcontractors, agents and other representatives (and their respective employees, subcontractors, agents and other representatives) at all times.
- 10.2 The Personnel shall be regarded at all times as employees agents or subcontractors of the Supplier and no relationship of employer and employee shall arise between Intertek and any Personnel under any circumstances regardless of the degree of supervision that may be exercised over the Personnel by Intertek.
- 10.3 The Supplier shall procure that it carries out any necessary Criminal Records Bureau checks, security checks and other vetting or clearance procedures upon the Personnel which may be required by Intertek from time to time depending upon the circumstances of the supply of Goods and the use to which the Goods may be put.
- 10.4 The Supplier shall use reasonable endeavours to avoid changes in the Personnel assigned to Intertek projects (unless any specific change is required by Intertek or its customer). In particular, but without limitation to the generality of the foregoing, the Supplier shall seek to maintain key members of the Personnel (supervisors, managers, and similar Personnel) in the same post during the performance of this Contract.
