

Intertek

RoHS Services

- EU RoHS
- China RoHS
- Korea RoHS
- Taiwan RoHS
- Turkey RoHS
- California RoHS

The Challenge

An increasing number of countries and regions have or are in the process of implementing RoHS (Restriction of Hazardous Substances) legislation. These laws restrict the use of certain hazardous substances in electrical and electronic equipment.

How does your company plan to meet the RoHS requirements?

Our Solution

Intertek is a one-stop source for all your RoHS compliance needs:

RoHS Testing Services

Intertek provides RoHS compliance product and material screening and testing services through a global network of laboratories.

RoHS Bill of Material (BoM) Assessment and Conversion Services

Intertek specializes in a comprehensive range of Bill of Material data gathering and assessment services, converting your products' Bill of Materials into a RoHS compliant state.

RoHS Compliance Assurance Services

Intertek provides consulting to revise the quality management system and the factory audit to confirm compliance.

RoHS Product Certification Services

Intertek's new Green Leaf Mark identifies a product that has been independently certified and found to conform to the requirements of the RoHS Directive.
