Supply Chain Security: Business Partner Requirements

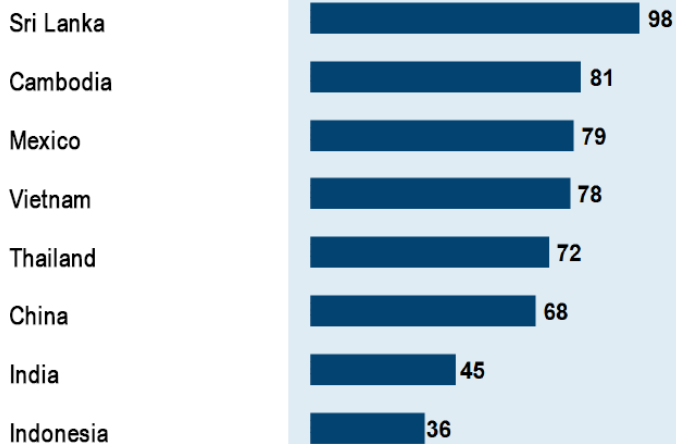

% of foreign manufacturers, n=7479

Foreign Manufacturer Implementation of Security Criteria

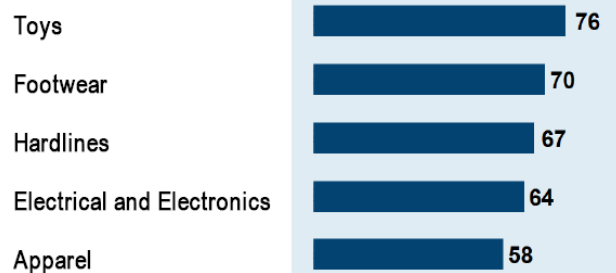

Foreign manufacturers must have written and verifiable processes for the selection of business partners including contractors. **65**

If eligible for C-TPAT certification the foreign manufacturer must have documentation indicating whether their business partners are or are not C-TPAT certified. For those business partners not eligible for C-TPAT certification, the foreign manufacturer must require that their business partners to demonstrate that they are meeting C-TPAT security criteria via written/electronic confirmation. **31**
