

Mandatory Declaration of Conformity

Your Challenges

You are exporting your products to Russia: your shipment may be accompanied by a Mandatory Declaration of Conformity. The Declaration of Conformity is issued in the name of a Russian legal entity, and then registered at a Russian Certification Body (Gost-R certification body).

The Mandatory Declaration of Conformity concerns:

- All the products included in the “List of products subject to mandatory Declaration of Conformity”
- Imported products and local production on the same basis

The Mandatory Declaration of Conformity is issued on the basis of:

- Technical documents
- Tests results of laboratories accredited by Russian authorities
- Hygienic Conclusion, for the new products only

Who can you turn to get this certificate?

Our Solutions

Intertek offers you a custom-made service along the declaration process:

- Analysis of your needs
- Costs Estimation & Optimization
- Procedure to follow
- Documents review (and translation if needed)
- Testing of samples
- Audit of production site organization if needed
- Deliver original and certified copies of the declarations
- Obtain all related certificates

Intertek helps you to prove the compliance of your products to Russian National Standards and paves the way to your success on the Russian market place.

If your product is not subjected to Mandatory Declaration of Conformity, it may be subjected to:

- Mandatory Gost-R Certification,
- Certification of Conformity to Technical Regulation.
