

CERTIFICATE OF CONFORMITY

TRADING WITH BOTSWANA

Intertek's Total Quality Expertise supporting
Exporters and Importers comply with the
Conformity Assessment Programme in Botswana

Exporters/Importers trading with Botswana need to comply with the requirements of the Botswana Bureau of Standards (BOBS) Import Inspections Regulations (SIIR) to Standards Programme in order for their goods to clear customs. Failure to do so can result in severe delays in goods clearance, penalties or even shipments being returned.

The Botswana SIIR has been implemented to assure Botswana consumers of the quality and safety of imported goods and to facilitate trade. 'Regulated Products' within the programme require a Certificate of Compliance which verifies, in the respective exporting countries, that the products comply with the applicable Botswana technical regulations and mandatory standard.

The requirements for the SIIR

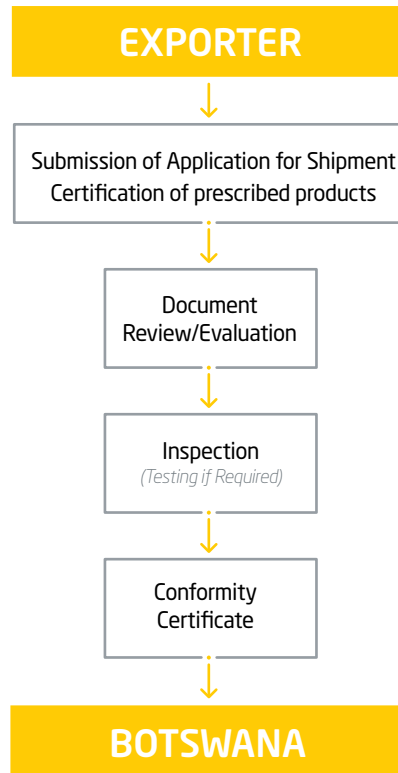

Every consignment of imported goods which contains regulated products must be accompanied by a Certificate of Compliance (CoC) issued by your local Intertek Office prior to shipment.

- The Certificate of Compliance is required to ensure smooth Customs clearance of shipments in Botswana.
- The Certificate of Compliance confirms that the products comply with the relevant Botswana technical regulations and approved standards.
- The authorities in Botswana may take random samples from imported consignments to verify compliance.
- Additional details on the SIIR procedure and a list of Regulated Products currently requiring certification are available at www.intertek.com/government

The Intertek Solution helping you export to Botswana

Intertek has experience in providing solutions to businesses exporting a wide range of products worldwide. We have undertaken more assessments of more products for longer than any other organisation. Intertek has a global network of offices that have operated the conformity programmes

Exporter routes to certification for Botswana

CoC - Certificate of Conformity

for many years, issuing over 1.5 million certificates and test reports.

- Our staff are experts on Botswana standards and requirements as well as understanding the needs of exporters and importers.
