

THE INTERTEK BRAND BRINGING QUALITY, SAFETY AND SUSTAINABILITY TO LIFE

ASTA CERTIFICATE & LICENCE UPDATES

Our brand identity across the world of Intertek reflects our commitment to superior customer service with Total Quality Assurance. Our ASTA Certificate and Licence format have been updated to align with our new brand.

Intertek has always been a pioneer, anticipating the needs of its clients with bold innovations. True to the innovative spirit of our founders, we're re-defining the industry with our Total Quality Assurance value proposition - going beyond physical quality control through our Testing, Inspection and Certification services to offering Total Peace of Mind. In addition, we provide Assurance services ensuring our customers' operating procedures and systems are functioning properly. We sum this up in our, our brand USP, 'Total Quality. Assured.'

We have a bold brand identity, inspired by a key moment in our company history - our founder Thomas Edison's invention of the

first practical incandescent light bulb. Our logo reflects technology and progress. But our identity is much more than just a logo and colour palette. Behind it lies our Customer Promise - Intertek Total Quality Assurance expertise, delivered consistently with precision, pace and passion, enabling our customers to power ahead safely - as we firmly position Intertek as the trusted partner for end-to-end Total Quality. Assured.

About ASTA

ASTA, established in 1938, is a founding member of the Short-Circuit Testing Liaison (STL) and has held the secretariat of the STL since its inception in 1969.

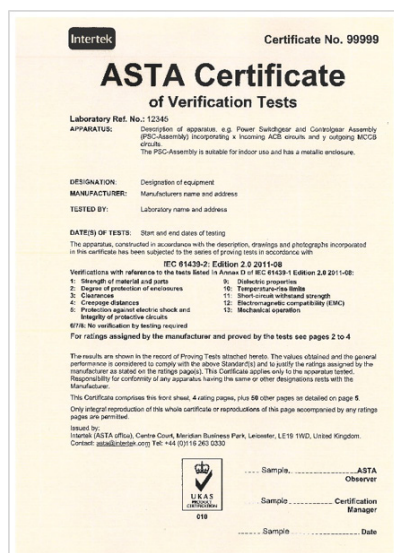

In 2007, ASTA was acquired by Intertek and continues to offer a range of services to our clients to support the global market access. Our experts actively contribute to the standard committees in the low and high voltage fields at national and international level.
