

BRIAN WILSON **SENIOR PROJECT MANAGER** **BUILDING SCIENCE SOLUTIONS**

JOINED INTERTEK : 2018 / YEARS IN INDUSTRY: 30

Mr. Wilson is a Senior Project Manager in the Building Sciences Solutions group in the Kansas City, KS office. Brian is responsible for client relations, coordination and performance of field building enclosure testing, QA/QC construction phase services for compliance with Construction Documents and applicable industry standards, Property Condition Assessments, Construction Document review/Value Engineering, and specialty testing. Brian has nearly 30 years of managerial experience in various segments of the Building Construction industry with a proven track record of success in growing business and managing people, sub-contractors, suppliers, materials, methods, schedules and budgets.

Professional Experience

Flynn Midwest, LLC (Formally A2MG, Inc. and FGI Glass Contracting, Inc.) 2001-2017

Project Manager

- Responsibilities included Project Manager, Estimating Manager and Project Development Manager including managing major, complex, high profile projects through the design, planning, manufacturing, fabrication and installation.
- In addition, monitoring work performed to ensure quality and safety standards are maintained; leading and managing the estimating department of the company's commercial glass and glazing division including supervising personnel, developing budgets for clients, selecting projects to pursue, reviewing project proposals and participating in pre-construction services and client contract negotiation.

Sunglo Skylight Product, Inc. 1999-2001

General Manager

- Responsible for managing all aspects of the multi-million-dollar national company including developing new business, monitoring and maintaining company profits, locating and hiring office staff, establishing and evaluating national independent sales representatives, improving product design, generating product sales, supervising office staff and implementing policies and procedures to ensure customer satisfaction.
- The company included both a residential and a commercial division and operated both as a manufacturer/supplier and commercial subcontractor with sales offices in Kansas City and Chicago and commissioned sales representatives throughout the country.

FGI Glass Contracting, Inc. 1995-1999

Project Manager

- Responsible for daily managerial duties on construction projects, estimating costs on new projects, preparing proposals and negotiating contracts with clients.
- Contact scopes ranged in size from \$5,000 to \$5,000,000 and included aluminum curtainwall and storefront, glass and glazing, aluminum entrances and hardware.

Harmon Contract WSA, Inc. – Major Projects Division 1988-1995

Project Manager

- Responsible for daily managerial duties including correspondence with clients, procurement of materials, allocation of resources, adherence to schedules and compliance with budgets on various construction projects.
- Scopes of work ranged in size from \$10,000 to \$15,000,000 and included architectural pre-cast concrete, granite and marble cladding, aluminum curtainwall and storefront, glass and glazing, aluminum entrances and hardware.
