Australian New labelling requirement on Basketball Rings and Backboards

Australian Government has published a mandatory safety standard "Trade Practices (Consumer Product Safety Standard) (Basketball Rings and Backboards) Regulations 2005" for the sporting equipments of basketball rings and backboards. The purpose of the Regulations is to require the products to be labelled with warning statement and symbol in order to reduce the incidence of serious injuries and deaths and the hazards associated with the use of these products. Here's the highlight of the requirements:

Backboard must be permanently marked as:
"WARNING: SWINGING ON THE RING MAY CAUSE SERIOUS INJURY OR DEATH"

The following statement and symbol shall be shown on the package or label or tag:
"WARNING: IMPROPER INSTALLATION OR SWINGING ON THE RING MAY CAUSE SERIOUS INJURY OR DEATH"

Here's an example of the statement with symbol (not in scale):

WARNING:
IMPROPER INSTALLATION OR SWINGING ON THE RING MAY CAUSE SERIOUS INJURY OR DEATH
